

Teachers questionnaire

Observing, Measuring and Modelling in Science

WHAT SUBJECT DO YOU TEACH?

Science (Biology,
Chemistry, Earth
Science)
50%

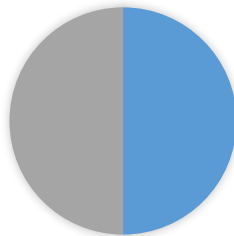

Physics
50%

	Average
Number of students who tested the activity in the lab	49,50
Number of students who tested the activity at home	0,00
Age of the students	16,50

HAD YOU TESTED THE ACTIVITY BEFORE USING IT WITH YOUR STUDENTS?

No
0%

Yes, in the lab
50%

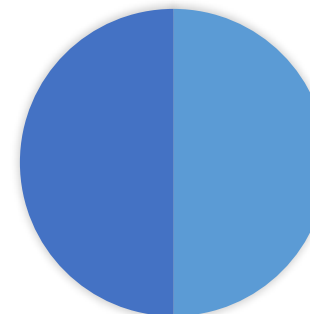

Yes, at
home
50%

TOPIC OF THE ACTIVITY

Water
0%

Seismobox
0%

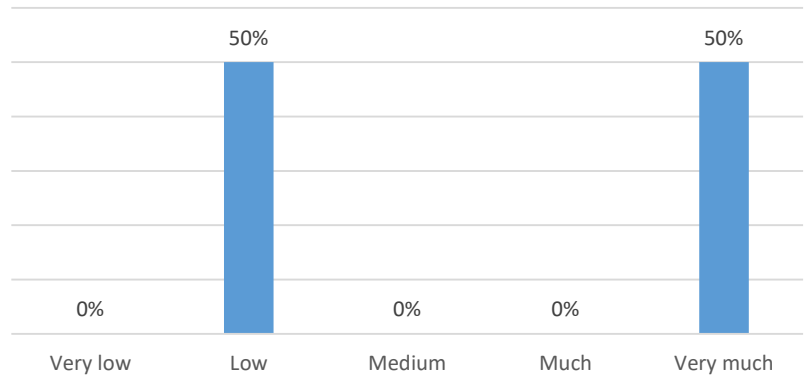

Energy in
Science
50%

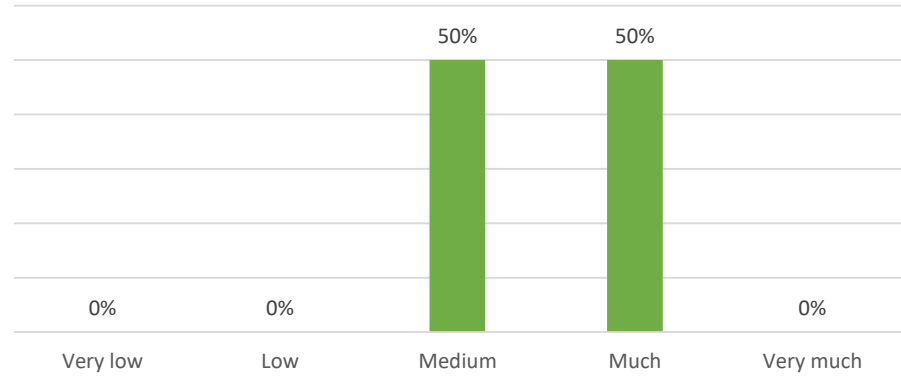

Practical Optics
0%

Methods in
Science
50%

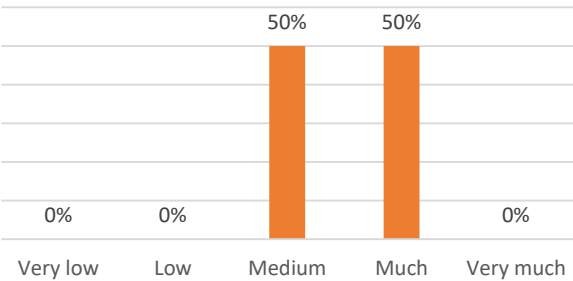

To what extent do you find the methodology relevant for your didactic?

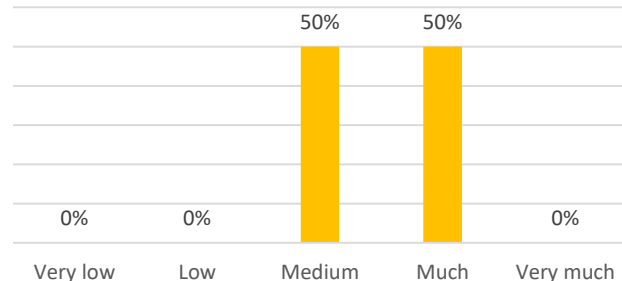

To what extent do you find the activities relevant for your didactic?

To what extent did the students appreciate the activity?

To what extent do you find the activity feasible?

To what extent did the students find the activity feasible?
