

General

- You tested the activities as teacher of: Physics/Science (Bio-Chem-Earth)

Description:

- Which activities did you use? (please choose one activity and fill another form for each other activity used)
- Had you tested the activity before using it with your students? no/yes at home/yes in lab
- How many students tested the activity in the lab? #
- How many students tested the activity at home? #
- Age of the students who tested the activity: Age

Evaluation

- To what extent do you find the methodology relevant for your didactic? $N_{\text{very.low}}$ N_{low} N_{medium} N_{much} $N_{\text{very.much}}$
- To what extent do you find the activity relevant for your didactic? $N_{\text{very.low}}$ N_{low} N_{medium} N_{much} $N_{\text{very.much}}$
- To what extent did the students appreciate the activity? $N_{\text{very.low}}$ N_{low} N_{medium} N_{much} $N_{\text{very.much}}$
- To what extent do you find the activity feasible? $N_{\text{very.low}}$ N_{low} N_{medium} N_{much} $N_{\text{very.much}}$
- To what extent did the students find the activity feasible? $N_{\text{very.low}}$ N_{low} N_{medium} N_{much} $N_{\text{very.much}}$
